100%
DESIRABLE STYLE

Independence is not just an attitude. It's a look. And you can capture it with these rugged body accessories.

They emphasize the Navara's purposeful style and imposing presence, and have practical functions too. The cladding and protection defend Navara against everyday knocks, while the wind deflectors allow fresh air in, but keep wind roar out.

When we improve the technology in your Navara, it's to make your life easier. So with 6CDs stored in the in-dash autochanger CD radio, you can enjoy hours of your favourite music at the touch of a button. For extra peace of mind and convenience, choose our effective alarm, and rear park system.

The rear park system associated with the sensors warn you of an obstruction behind you. The beep frequency increases until a constant tone indicating you that it's better to stop. The system prevents material damage.

We see **SHIFT_** as an invitation. To challenge whatever feels too familiar. To open your mind to the unfamiliar. To ask the questions no-one else is asking. And to find answers no-one else can. At Nissan, we do this every day. And it shapes everything we do. The result is a line-up of vehicles that represents a pure, uncompromising shift from the ordinary.
