## ADOPTING PROTECTIVE MODE

It's a challenging world, from the mountain tops to the concrete jungle and X-TRAIL is naturally built to take it. To keep its beauty through time, you may wish to add more protection, and that's what this range of protective accessories was designed for.

# SELECTING OPTIMUM CAPACITY

With your active lifestyle, you want to be able to take all your equipment with you, anywhere, anytime. Nissan's roof carriers are designed to free you of all constraints: choose from steel or aluminium loadcarriers - ready to take additional bicycle or ski-carriers, a luggage rack or various roof boxes.

- The X-TRAIL accessorised with:**
- hyper roof rails, accessorised with specific aluminium cross bars for roof railing <sup>(35)</sup>
  - luggage rack, aluminium <sup>(41)</sup> with elastic net <sup>(42)</sup>

Loadcarrier, aluminium <sup>(34)</sup> with ski/snowboard carrier, slidable <sup>(48)</sup>. Slide in your skis and clamp them securely in this purpose-designed carrier. Can carry up to 6 pairs of skis (not compatible with hyper roof rails).

# EVALUATING TOWING OPTIONS

X-TRAIL is a very capable towing vehicle and there's a choice of options to help you make the most of its ability.

## The X-TRAIL accessorised with:

- removable towbar <sup>(53)</sup>
- 18" alloy wheel Saporo <sup>(11)</sup>
- A TEK <sup>(55-57)</sup> is available so you can quickly plug in your trailer or caravan.

As well as different towbar types, there's an ingenious and convenient towbar mounted bicycle carrier that supports 2 bikes. Close to ground level, it's easy to load and unload. Available in 2 versions: 7 pin TEK or 13 pin TEK compatible.

Fixed towbar <sup>(52)</sup>.

Flanged towbar <sup>(54)</sup>.

Removable towbar <sup>(53)</sup> mounted / removed. When the towbar is removed, place the cap on the fixed part to prevent mud or dirt entering the towbar aperture.

# INTEGRATING WITH ENVIRONMENT

X-TRAIL is naturally at home in the great outdoors and with these accessories, the great outdoors will feel even more like home. The clever tent attaches to the X-TRAIL and gives you an instant 'room' that's ideal for camping. Home is where your X-TRAIL is.

**The X-TRAIL accessorised with: hatch tent <sup>(26)</sup>. The tent tightly fixes to the X-TRAIL's tailgate, leaving you permanent access to the trunk.**

**A comfortable tent with a zippered sleeping area, it also converts into a stand-alone ground tent with two large entrance doors and mesh windows.**

**Bumper seats <sup>(78)</sup>.** Extra seating for picnics, barbeques or just admiring the view, these square cushions are made of high density foam for comfort and are covered with a durable, washable black textile cover.

Set of sunblinds, available for rear passenger windows <sup>(71)</sup>, side rear view windows <sup>(72)</sup> and trunk window <sup>(73)</sup>.

**Tyre step <sup>(27)</sup>.** Put this clever aluminium accessory on the rear wheel, then step on it: now you can reach the bottom of your roof box or attach those straps you couldn't get your hands on before.

**The X-TRAIL accessorised with:**

Plus trunk net, horizontal <sup>(68)</sup> which prevents loads from sliding around and bumper upper protection <sup>(90)</sup> to prevent scratches to the paintwork when loading and unloading.
